The Port of Los Angeles
City of Los Angeles Harbor Department
Supplemental to all Harbor Approved Film Permits

Filming on Port property is subject to the following terms and conditions:

1. Smoking and parking of automobiles, not essential to the permitted activity, on wharves or other facilities of the Harbor Department, is prohibited.

2. Premises used and/or occupied during filming activities shall be maintained in a clean and sanitary condition. Debris shall not be allowed to accumulate and shall be promptly removed by permittee.

3. Use of property under the jurisdiction of the Harbor Department is subject to approval of the Harbor Department and/or tenant having lease control of the premises.

4. Permittee shall relieve, indemnify, protect and save harmless the City of Los Angeles, and each and every of its tenants, Boards, officers and employees, from any and all claims and liability for death of or injury to persons or damage to property that may arise from or be caused by the occupation or use of premises by permittee under the provisions of the film permit, or by the negligence of the permittee, its agents, officers or employees.

5. Permittee may furnish its own security services for the protection of permittee's own personal property and equipment. No armed security is permitted on Port property or pursuant to the film permit.

6. Permittee agrees to hire the appropriate Los Angeles Port Police Officer(s) and/or Port Security Officer(s), if deemed necessary by the Port, for the duration of filming activities. The primary duty and function of the officer is to maintain the safety and security of the Port, its tenants, its users, and to ensure that filming activities are conducted safely and within the terms and conditions of the film permit. Officers may be required to enforce tariff, local, or state laws and provide appropriate law enforcement assistance to the permittee during the course of their movie assignment.

7. Permittee agrees to restore premises and any alterations to Harbor Department facilities to their original condition subject to the approval of the Harbor Department.

8. Permittee agrees to obtain any other permit as may be deemed necessary by the Wharfinger Division or by other divisions or sections of the Los Angeles Harbor Department.

9. Filming not to interfere with the operations of the Port.

10. Copies of the Harbor approved Film LA permit must be present at all filming locations and presented to any Harbor Department representative upon demand. Violations of laws, regulations, or the film permit may cause the film permit to be revoked.

11. A Harbor Engineer's Permit is required before altering Port Property

12. The Permittee shall conform to all requirements of the City of Los Angeles Department of Building and Safety, L.A. Fire Department, and any other City, State, or Federal agency requirements.

STORMWATER: SPECIAL EVENT PERMITS

ENVIRONMENTAL PERMIT CONDITIONS:

1. All necessary precautions shall be taken to prevent trash from entering the storm drain system.

2. A map indicating the location of catch basins on the event site shall be provided to the Permittee by the Los Angeles Harbor Department (LAHD). It shall be the responsibility of the Permittee to coordinate with the LAHD's Director of Environmental Management to ensure that all catch basins on the event site are covered prior to the event or any substantial preparation of the site for the event. Catch basin covers shall not present a hazard to health or property during the event.

3. Adequate trash receptacles shall be provided by the Permittee during the special event.

4. It shall be the responsibility of the Permittee to ensure that the site is properly cleared of trash, debris, and waste following the special event. The Permittee will also ensure that catch basin covers are removed from catch basins once the event and site clean up has been completed.

ENVIRONMENTAL REQUIREMENTS FOR FILMING – FORMER SOUTHWEST MARINE FACILITY:

1. No digging, trenching, potholing, or installation of any subgrade features (including posts, fence poles, stakes, etc.) is permitted.
2. Hazardous substances found at the Site include, but are not limited to, polychlorinated biphenyls (PCBs), antimony, arsenic, chromium, copper, lead, mercury, zinc, and other metals. Total petroleum hydrocarbons have also been found at the Site. Information regarding known site soil and groundwater contamination is available at:

   http://www.envirostor.dtsc.ca.gov/public/profile_report.asp?global_id=60000999

   The Permittee shall be responsible for notifying site workers and visitors of potential hazards and ensuring that all appropriate measures are taken to protect workers and site visitors from these hazards.
3. Lead-containing paint, asbestos-containing materials, and mercury- and/or PCB-containing electrical equipment is either known to be or suspected to be present at the Site. The Permittee shall not disturb any building materials or equipment and shall be responsible for notifying site workers and visitors of these potential hazards and ensuring that all appropriate measures are taken to protect workers and site visitors from these hazards.
4. Site storm drains shall be protected from run-off or flowing water – all Site drains discharge directly into the ocean!
5. There are groundwater monitoring wells located throughout the property. These monitoring wells shall not be disturbed, opened, or modified. The Permittee shall not place or store hazardous materials (including, but not limited to, petroleum fuels, solvents, cleaners, acids, bases, or explosive compounds) within 10 feet of any monitoring well.
6. During the second week of both February and August, EMD's consultant will be on-site to complete groundwater monitoring and sampling. This sampling event will take approximately 2 days and thus the actual days of the sampling can be adjusted to fit the Permittee's schedule.
7. During the last day of each month (or preceding work day), EMD's consultant will be on site to conduct a security inspection to ensure that site signage is in place and that gates are closed and locked. This inspection requires approximately 60 minutes.
8. Per regulatory requirements, all site gates must be secured and locked to keep unauthorized personnel from accessing the site and all signs hung on site fencing (including proposition 65 warning signs) must not be moved or disturbed.

Port of Los Angeles Southwest Marine Filming Requirements

These production rules for Southwest Marine are in addition to the existing Port of Los Angeles Supplemental to all Harbor Approved Film Permits terms and conditions.

Production Rules:

1) Scouting: appointments must be made 24hrs in advance through the Wharfinger's office. Wharfinger staff is required when scouting Southwest Marine.

2) Port Police Officer (s) will be required for all prep, film, strike, and still photos. The rate for a Port Police Officer is $112 per hour with a 4 hour minimum. There is no double or triple time, the rate stays consistently at $112 per hour. Cancellation of Port Police must be given 48hrs in advance to avoid penalties.

3) Use of Southwest Marine in "AS-IS" condition.

4) No use of any cranes on premises.

5) There is no water and no power at Southwest Marine. Production companies must provide their own water and power.

6) Use of pyrotechnics, controlled flames, and smoke must be approved in advance through the Wharfinger's office.

7) Production companies must provide their own restrooms.

8) Production companies must provide their own trash receptacles. All self-generated trash and receptacles must be removed from premises upon the completion of filming.

9) Post-filming walk thru with Film representative and Wharfinger staff is required.

10) Only one production company at a time will be permitted at Southwest Marine.

11) Any modifications to Port property must be approved by Port of L.A. Engineering Division and/or Environmental Management Division. Additional lead time will be needed for approvals.

12) Production companies must abide by the Environmental Requirements for Filming as stipulated by the Port's Environmental Management Division. (Separate attachment)
